### Google Assistant

### GOOGLE ASSISTANT

Your device can be your own personal voice assistant. You can wake up your device by saying "Hey Google" or "OK Google." Once you say "Hey Google" or "OK Google", your device is ready for your questions or commands.

Here are a few questions and commands you can try:

"Hey Google, what is the weather?" "Hey Google, play classical music on YouTube" "Hey Google, play NPR News" "OK Google, tell me a joke"

٦	P	

- Be as detailed as possible, "OK Google, play [SONG NAME] by [ARTIST] on YouTube "OK Google, play Viva Las Vegas by Elvis on YouTube"
  - Enunciate your words as clearly as possible
  - Speak LOUD
- **Practice!** The more you talk to your device, the more familiar it will become to recognizing your voice.

#### **Google Assistant**

### CHAPTER 2

### YouTube

#### WHAT is YouTube?

YouTube is an app where users from all over the world can upload videos to share. Users are able to watch, like, share, comment, and upload their own videos.

#### WHY should I use it?

YouTube is an amazing resource – whether you want to listen to your favorite song, learn how to cook a healthy breakfast for one, learn a new exercise routine, or just want to catch up on the latest news, it's all on YouTube.

#### HOW do I start using YouTube?

First – think of something that makes you smile. Is it a song from your childhood? Cute baby animals? Learning a new recipe? Learning a new craft? Exercising? Now, let's start searching on YouTube!

2.

Tap on the Search  $\boldsymbol{Q}$  icon

1.

Type what you're looking for and tap the  ${f Q}$  icon

#### Scroll down and tap the video you want to view

#### You have successfully searched for a YouTube video!

### CHAPTER 3

### Google Chrome

#### What is it?

Google Chrome is an Internet Browser - similar to Internet Explorer, Firefox, Safari, and Microsoft Edge

#### Why would you use it?

- Look up information on your health
- Look up nearby locations such as restaurants, the post office, or pharmacies
- Search for recipes
- Look up topics that you're interested in (history, creative arts, world news, etc.)

# Google Searches – Tips and Tricks

### **1.** Be specific

Be as specific as possible when searching on Google. This will help narrow down your search results.

For example, if you want to look up the manual for your Smart TV

X NO: Sony TV manual

🖌 YES: Sony BRAVIA XR X90J TV manual

### 2. Location

If you're looking for a nearby location, type in "near me" or your zip code at the end of your search

Post office near me

Post office 90005

Zion Market near me

### 3. Try different wording

#### Having trouble finding what you're looking for? Try wording it differently.

For example, if you're looking for a supplement for liver health, there are many different ways to search:

- Healthy liver supplement
- Vitamin for liver health
- Vitamins good for liver
- Liver vitamin and minerals
- Good vitamins for liver

# CHAPTER 4

# Google Translate

#### WHAT is Google Translate?

Google Translate is an app that translates other languages, whether it be text on paper like a bill or flier, a live spoken conversation, or simply typing in text

### WHY should I use it?

Use Google Translate to communicate with your neighbor who speaks a different language. You can also use it to communicate with the staff at your community.

1.

**4**.

Great! Your languages are now setup.

# CYBERSECURITY

## Helpful Tips on Preventing Fraud

- Never put confidential information in an email or text message. The message may not be secure.
- Never disclose any sensitive personal information on social media or in public forums.
- Never give information like a bank account number or password in response to a phone call, email or other online request.
- Create long and difficult passwords (at least 12 characters) using letters, numbers, symbols, and upper- and lower-case variations.
- Avoid using personal information (name, age, SSN, address) in your username or password.
- If you find your computer is slow, unresponsive, or you are getting an unexpected error message, please contact a family, friend or your community representative because your device maybe infected with a virus.

## DO YOU NEED ADDITIONAL SUPPORT? TRY THESE FOUR STEPS:

- 1. Review your Tablet Handbook, it may answer your question.
- 2. Ask your neighbor, friend, or family member for help on Google Chat!
- 3. Attend an in-person training session at your community.
- 4. Ask your Social Service Coordinator for help.

## Advertisements to Avoid

HOW TO SPOT AN

**ADVERTISEMENT** 

- A. Advertisements MUST state that they are an advertisement
- B. Advertisements will typically prompt you to click a button to install or download a program
- C. Advertisements may randomly pop up as videos or windows you should see an "X" to close the window on the top right hand corner of the pop up.
- Keep an eye out for the "Ad" symbol and look carefully before you click!
- If you do accidentally click an advertisement, close out of the program or look for the "X" to exit the advertisement

## **CyberSecurity Exercise**
