

Having trouble with your tablet?

Quick Tips

If Touch Screen does not work, please press and hold power button for 5 seconds or until device turns off. Then hold power button for 5 seconds or until device turns back on again.

If your device does not turn on, please charge your tablet for at least 30 minutes. After 30 minutes, hold power button for 5 seconds or until device turns on.

Your Personal Support System

First Step: Go to your Handy Tablet Handbook for easy tips on fixing your tablet

Second Step: Ask a member of your pod for help

Third Step: Call a family member or friend outside your community

Fourth Step: Your Service Coordinator can always help if you are not able to get a hold of anyone
